

Next Generation Liposomal Delivery

LOVE your body, enrich your HEALTH.

### How should you take your supplements? Effectively!

The difference between your everyday supplements and Valimenta's lies in its delivery method. Valimenta's proprietary CELLg8® Next Generation Liposomal Delivery system naturally creates liposomes to be protective "capsules" that allow for rapid delivery and maximum bioavailability of supplements. Using doctor-formulated liposomal delivery, Valimenta has changed the game in delivering meaningful supplementation to your body!

### CELLg8® Next Generation Liposomal Delivery – Making a difference

Valimenta's CELLg8® Next Generation Liposomal products are created through a proprietary, all-natural manufacturing process in which liposomes engulf and protect the nutrients digested, making more of the active compounds available in the intestines after consumption.

- ✓ Proprietary supplement liposomal delivery system.
- ✓ Manufactured from the Finest Materials.
- ✓ Setting the Standard for the Industry.

NATURAL SUPPLEMENT MANUFACTURING	FDA COMPLIANT FACILITIES

## Doctor-formulated by Dr. Emek Blair

The CellG8 Liposomal technology used in Valimenta products today, was first discovered by Dr. Blair over ten years ago. This method is derived from nature, hence making their process unique. It does not require high pressure, high temperature, or toxic synthetic chemicals. In its 8th generation, the technology has now been perfected as a scalable production process to introduce a natural method to form liposomes.

# Time for your supplements to work BETTER

### Liposomal Glutathione

Glutathione, the most abundant antioxidant in our bodies, exists in every cell, tissue, and organ. Considered the "Master Antioxidant" it boosts other antioxidants and is a critical component in all three stages of detoxification in your body. As you age your levels of glutathione decrease dramatically. Supplementing glutathione is vital for optimal cellular health.

#### Benefits:

- ✓ Supports antioxidant recycling (vitamins C and E, flavonoids) and function.
- ✓ Supports healthy liver function.
- ✓ Supports healthy immune function.

### Liposomal Curcumin with Resveratrol

Ensuring the most effective delivery of Curcumin with Resveratrol through a proprietary, all-natural manufacturing process, this dietary supplement supports vitality, cognitive function, a normal, healthy inflammatory response, and overall body support.

#### Benefits:

- ✓ Supports vitality.
- ✓ Maintains healthy cognitive function.
- ✓ Supports natural antioxidant system.
- ✓ Optimizes cellular energy production.

## HOW TO CONSUME

**Glutathione:** Take 2ml per serving, or as directed by your healthcare provider. Mix with water or juice if desired.

**Curcumin with Resveratrol:** Take 6ml (one teaspoon) daily, or as directed by your healthcare provider. Mix with water or juice if desired.
